

IDEA PRIORITIZATION

EDUGENIE – AI-POWERED LEARNING ASSISTANT

The following capabilities were selected as the core EduGenie feature set because they directly support the learning scenarios documented for the project.

1. Question Answering

Purpose: Provide responses to natural-language academic questions.

AI: Gemini 3.5 Flash.

2. Concept Explanation

Purpose: Simplify complicated academic or technical concepts.

AI: LaMini-Flan-T5-783M locally.

3. Quiz Generation

Purpose: Create multiple-choice questions from supplied learning material.

AI: Gemini 3.5 Flash.

4. Text Summarization

Purpose: Condense lengthy educational material while retaining important details.

AI: Gemini 3.5 Flash.

5. Learning Path Generation

Purpose: Arrange a subject into progressive stages from basic to advanced learning.

AI: Gemini 3.5 Flash.

The selected feature set forms the documented core of EduGenie.
