

TASK ALLOCATION

EDUGENIE – AI-POWERED LEARNING ASSISTANT

Team Members:

1. Kanisha P (Team Leader)
2. Janavikaa G.J
3. Sathana S
4. Suvitha S

TASK ALLOCATION

The EduGenie project was carried out collaboratively by the four-member project team. Tasks were distributed across project planning, requirement analysis, system design, development, testing, documentation, and demonstration to ensure effective coordination and completion of the project deliverables.

TEAM COORDINATION

- Kanisha P – Team Leader and project coordination.
- Janavikaa G.J – project team member.
- Sathana S – project team member.
- Suvitha S – project team member.

PROJECT ACTIVITY AREAS

- Ideation and requirement preparation.
- Architecture and UI planning.
- Backend and AI module development.
- Frontend integration.
- Testing and debugging.
- Documentation preparation.
- Demonstration preparation.

The team can coordinate these activities according to the actual work performed by each member.
