

FUNCTIONAL FEATURES

EDUGENIE – AI-POWERED LEARNING ASSISTANT

FUNCTIONAL FEATURES INCLUDED

1. Main Web Interface

Provides access to the available learning tools.

2. Question Answering

Accepts natural-language questions and uses Gemini 3.5 Flash to generate answers.

3. Concept Explanation

Uses LaMini-Flan-T5-783M locally to produce simplified explanations.

4. Quiz Generation

Uses Gemini 3.5 Flash to generate multiple-choice quizzes.

5. Text Summarization

Uses Gemini 3.5 Flash to condense long educational text.

6. Learning Path Generation

Uses Gemini 3.5 Flash to organize learning topics from basic to advanced stages.

7. FastAPI Routing

Provides the central communication layer between frontend and learning modules.

8. Environment-Based Configuration

Supports secure API-key configuration through environment variables.
